

CLUB HEALTH CHECK

Just as routine doctor's visits help us identify health risks before they become serious, a club health check can diagnose problem areas and prescribe remedies. This resource is intended to help club leaders assess their clubs. In using it, you're taking a step to maintain your club's health and preserve its value for members and the community. Mark the boxes next to the statements you consider to be true, based on the past 12 months. Then discuss the results with your fellow club officers. If you left more than five of the boxes in any section blank, that area should be addressed. Act on the suggested remedies for any problem areas you've identified.

YOUR CLUB EXPERIENCE

Members who have a positive club experience are more likely to stay. In turn, they create a positive experience for others, because their enthusiasm is contagious. If your club's members genuinely enjoy being a part of the club, you're on the right path. Your experience includes not just your club meetings and other activities, but also the connections you've made and your pride in Rotary's work.

- I look forward to attending club meetings and other club activities.
- Our club meeting programs are relevant, interesting, and varied.
- We have a greeter or greeters who welcome members and visitors to meetings.
- Our meetings are organized and are run professionally.
- Members make an effort to meet and talk with different people at each meeting.
- I've made several new friends in the club.
- Our club tries new things (activities, meeting practices and formats, service, socials, etc.) to enrich members' experience.
- We are inclusive in who we invite to our club, how we welcome guests, the topics we discuss, and the service we focus on.
- Members other than club leaders participate in Rotary events at the district or international level.
- Most members are aware of Rotary's Avenues of Service and areas of focus, take part in projects, and feel proud to be a part of the club.
- We raise funds in a way that allows members to contribute what they wish.
- We recognize members' service, engagement, and donations by nominating them for and presenting them with awards.
- I have made international connections through Rotary.
- Guests are asked to introduce themselves and are invited back.
- We provide members with flexible meeting opportunities (attending virtually or in person or watching recordings if they miss a meeting).

MEMBERS

A healthy club is one that is growing and changing. Having members with diverse perspectives and backgrounds will fuel innovation and give your club a broader understanding of your community's needs. Pay attention to how your members are feeling about the club. Research shows that one of the most common reasons members leave is that club leaders are not open to new ideas. Involving members and giving them a voice in their club's future will strengthen both the club and members' commitment to Rotary. Consult your club's membership profile in Rotary Club Central for the most recent statistics.

- Our club has had a net increase in members in the past year.
- Our club has had a net increase in members who represent diverse groups.

WHAT'S NEXT?

Using the Club Health Check is the first step in becoming a healthier, more vibrant club. Take note of which areas had the most marks and which had the fewest. Look at the suggested remedies and take action. When you visit your doctor, you may get advice about maintaining your good health or possibly a prescription or two to combat an ailment. If you don't follow the advice or take the prescriptions, you aren't making the most of your visit. Similarly, to make the most of your club health check, use the suggested resources to treat your problem areas.

Paul Harris said, "May our happiness increase with our usefulness." As our communities and their needs change over time, clubs have to adapt to continue to be useful. Your efforts to make changes will recharge your members and keep your club fit and relevant.
